Mike, Dana, and Eric,

I've attached a short Word document that summarizes some of the key differences I've noticed between our PHA and the Draft BHHRA. I'm not suggesting that the BHHRA should be brought into compliance with the PHA. In fact, I think in some instances I'd like to use the more recent data from the BHHRA to update the PHA before it goes out for public comment.

Anyway, this might provide some basis for discussion during our call tomorrow.
